2018 ThinkFirst Conference on Injury Prevention Sponsor Form

About ThinkFirst: The ThinkFirst National Injury Prevention Foundation was founded in 1986 by the American Association of Neurological Surgeons (AANS) and the Congress of Neurological Surgeons (CNS) to educate children and teens on preventing brain and spinal cord injuries. ThinkFirst chapters throughout the U.S. and internationally give thousands of free presentations each year to help kids and teens make safe choices on the playground, behind the wheel, at home or at school. New parent classes teach basics for baby safety while older adult classes teach people to prevent falls. The ThinkFirst Conference on Injury Prevention is held each year at the AANS to provide training and continuing education to nurses, physicians and other health educators who present ThinkFirst community education programs.

The ThinkFirst Foundation is a 501c3 non-profit organization, Tax ID # 36-3730822.
W-9 or other required information will be sent upon request.
